

A. K. Singh Sir as I know him and his blessings through missed calls.

I am fortunate enough to have Dr. A.K. Singh as my guide under whom I am pursuing my Ph.D. Fortunate because he is not only one of the most supportive and learned guides I have seen or heard but also the spiritual element that he possess influences each and every person around him. Thank you Sir for giving me the opportunity to pursue my research under your guidance and for letting me being associated with a divine person like you.

Earlier I was unaware about this spiritual element of Sir. Once I met him regarding the discussion of synopsis for getting enrolled in DSE. I was a bit confused regarding my topic. To my surprise Sir asked me to prepare slips of the topics I was proposing. I was a bit surprised because this was something strange. Sir helped me choosing my topic using a technique called Applied Kinesiology. That was for the first time I experienced how we can actually apply spirituality in our day to day lives. I was really happy for one reason that is, I am a firm believer in spirituality and whenever I used to get really confused about any decision I would make slips of the choices I have and will put them in front of my faith Lord Krishna and then choose the one closest to him and stay firm on whatever the choice is and believe me IT NEVER WENT WRONG NO MATTER HOW HARD THE DESICION IS. I have always believed in the saying WHEN LOGIC FAILS FAITH COMES INTO PLAY.

People, friends and cousins used to make fun of it saying its completely illogical. But I had faith. But when I saw Sir practicing a similar kind of thing I was surprised and was so happy thinking this it is actually divine's will that I am associated with him today. My journey continued and gradually I began to explore things when I read a few testimonials on the website. Heard a lot about him from fellow students and he even gave me and my mother blessings. **My mother suffered from Dengue at that time and everybody was worried. I got to know that she is being hospitalized in Delhi on 18th September 2013 and her platelet count was decreasing. I had a talk with Sir and he asked me to email her photograph and that I need to give 3 missed calls a day for blessings. Thankfully my mother recovered successfully and her minimum count was 40000. Thus there was no need to give her platelets in extra and she was fully protected from other side effects of dengue like body infection and vomiting. Things were really stable. She was discharged from the hospital on 24th September 2013. Now she is home and has recovered successfully. Thank you so much Sir.**

But apart from all these blessings the incident that I really want to mention here is when a friend of mine forgot his bag in an auto which he took from Badarpur to DU North Campus on **6th of September 2013**. The bag contained all his mark sheets since 10th standard and all other important documents. He left the auto at 10:00 PM and realized about the same at 11 PM. Thus he rushed back to Badarpur searching for the auto but could not find it till 1:00 AM. He was so upset and disappointed. He was worried that how an auto driver working in night duty would handle the bag or understands its importance as it was not having any money. Next morning I got to know about the same and I said maybe we can get some help. I immediately called-our always ready to help - Sir and using his divine instrument he told me that the possibility of getting it back is 80%. He said he will be sending the blessings of Sri Sri Ravi Shankar Ji now and then at the time when he will go to Badarpur again in search of that auto **i.e., on 7th of September 2013**. With faith in his heart he went to Badarpur. Came out of the metro station and subway and BANG.. The same auto was there right in front of him. He did not even had to search for it. The driver said he was about to leave 2 minutes ago but since was getting less money he refused. He said " bhaiya ji ye aapko milna hi tha". Not only this he had even kept his big safely at his house. Thus he got his bag back with Sir's blessings and help.

All I can do is to thank him which is never enough.

Thank you so much Sir.

Nikita
